# Ninjahood Training Plan

We're almost done: this is one of our **last exercises** before we'll send you off. So **let's recap**!

What did you learn? How can you improve your work by **applying community skills**? And how will you go forward about **picking up** new skills?

For example, the tools: take a moment to **step back** and think about the **top 5 tools** you need and fill out the following table.

Tools

> tools could include IRC, meetbot, mediawiki, mailing lists, blogs & planets, ticket trackers, version control, etherpad, etc.

> 0: Never heard of it
> 1: Tried it once
> 2: Can follow a tutorial
> 3: Part of my daily routine
> 4: Power user / customizer
> 5: I wrote it
