Re: voluntary participation...

Mel Chua

Your Friend needs icon ninjahood to finish the Fedora 16 spin pages!

Mel is working on spins.fedoraproject.org and needs some icons to succeed. Be a good friend and make them one - you'll get an attribution!

Mel Chua

Mel has successfully resolved bug #1637903, "new version of R does not work," in Fedora!

Mel successfully got the latest version of R to compile and run in Fedora, and has an RPM to share with you!

3 hours ago via Fedoraville - Like - Comment - Get code

```
#!/usr/bin/python

# Prints a new random chord to play every 5 seconds.
# This could be made more
generalizable/hackable/useful.
# I am lazy.

import time
import random

basenote =
['A', 'A#', 'B', 'C', 'C#', 'D', 'D#', 'E', 'F', 'F#', 'G', 'G#']
chord = ['major', 'minor', 'major 7', 'dominant', 'minor
7', 'minor 7 flat 5', 'diminished']

while(True):
    print random.choice(basenote),
random.choice(chord)
    time.sleep(5)
```
